PROPOSAL # _____

Date: 03/28/02 Replaces: 11/01/99

Number of Animals:

Year 1

Issuing Office: OD/OACU 301-496-5424

ANIMAL CARE AND USE IN THE INTRAMURAL PROGRAM

NATIONAL INSTITUTES OF HEALTH APPROVAL DATE ANIMAL STUDY PROPOSAL EXPIRATION DATE _____ (See NIH Manual 3040-2) PLEASE TYPE A. ADMINISTRATIVE DATA: Institute or Center Principal Investigator____ Building/Room E-Mail Telephone FAX Division, Laboratory, or Branch_____ Project Title____ Initial Submission [] Renewal [] or Modification [] of Proposal Number List the names of all individuals authorized to conduct procedures involving animals under this proposal and identify key personnel (i.e., Co-investigator(s)): **B. ANIMAL REQUIREMENTS:** Age/Weight/Size Sex Species Stock or Strain Source(s) Holding Location(s) Animal Procedure Location(s)

Year 3

Year 2

Date: 03/28/02 **Replaces: 11/01/99**

Issuing Office: OD/OACU 301-496-5424

C.	TRANSPORTATION: Transportation of animals must conform to all NIH and Facility guidelines/policies. If animals will be transported between facilities, describe the methods and containment to be utilized. If animals will be transported within the Clinical Center, also include the route and elevator(s) to be utilized.
D.	STUDY OBJECTIVES: Briefly explain in non-technical terms the aim of the study and how the study may benefit human or animal health or advance scientific understanding of biological processes.
<u>E.</u>	RATIONALE FOR ANIMAL USE: 1) Explain your rationale for animal use. 2) Justify the appropriateness of the species selected. 3) Justify the number of animals to be used. (Use additional sheets if necessary.)
F.	DESCRIPTION OF EXPERIMENTAL DESIGN AND ANIMAL PROCEDURES: Briefly explain the experimental design and specify all animal procedures. This description should allow the ACIG to understand the experimental course of an animal from its entry into the experiment to the
	all animal procedures. This description should allow the ACUC to understand the experimental course of an animal from its entry into the experiment to the endpoint of the study. Specifically address the following: (Use additional sheets if necessary.)
_	Injections or Inoculations (substances, e.g., infectious agents, adjuvants, etc.; dose, sites, volume, route, and schedules) Blood Withdrawals (volume, frequency, withdrawal sites, and methodology)
_	Non-Survival Surgical Procedures (Provide details of survival surgical procedures in Section G.)
_	Radiation (dosage and schedule)

- Methods of Restraint (e.g., restraint chairs, collars, vests, harnesses, slings, etc.)
- **Animal Identification Methods** (e.g., ear tags, tattoos, collar, cage card, etc.)
- **Other Procedures** (e.g., survival studies, tail biopsies, etc.)
- **Resultant Effects**, if any, the animals are expected to experience (e.g., pain or distress, ascites production, etc.)
- Experimental Endpoint Criteria (i.e., tumor size, percentage body weight gain or loss, inability to eat or drink, behavioral abnormalities, clinical symptomatology, or signs of toxicity) must be specified when the administration of tumor cells, biologics, infectious agents, radiation or toxic chemicals are expected to cause significant symptomatology or are potentially lethal. List the criteria to be used to determine when euthanasia is to be performed. Death as an endpoint must always be scientifically justified.

Date: 03/28/02 Replaces: 11/01/99

Issuing Office: OD/OACU 301-496-5424

G.	SU	RVIVAL SURGERY - If proposed, complete the following:
	1.	Identify and describe the surgical procedure(s) to be performed. Include the aseptic methods to be utilized. (Use additional sheets if necessary):
	2.	Who will perform surgery and what are their qualifications and/or experience?:
	3.	Where will surgery be performed, Building and Room?
	4.	Describe post-operative care required, including consideration of the use of post-operative analgesics, and identify the responsible individual:
	5.	Has major survival surgery been performed on any animal prior to being placed on this study? Y/N If yes, please explain
	6.	Will more than one major survival surgery be performed on an animal while on this study? Y/N If yes, please justify:

M.	wate	ECIAL CONCERNS OR REQUIREMENTS OF THE STUDY - List any special housing, equipment, animal care (i.e., special caging, er, feed, or waste disposal, etc.). Include justification for exemption from participation in the environmental enrichment plan for nonhuman primates or exercise logs.
N.	PR	INCIPAL INVESTIGATOR CERTIFICATIONS:
	1.	I certify that I have attended an approved NIH investigator training course. Year of Course Attendance: Year(s) of Refresher Training:
	2.	I certify that I have determined that the research proposed herein is not unnecessarily duplicative of previously reported research.
	3.	I certify that all individuals working on this proposal who have significant animal contact are participating in the NIH Animal Exposure Surveillance Program.
	4.	I certify that the individuals listed in Section A are authorized to conduct procedures involving animals under this proposal have attended the course "Using Animals in Intramural Research: Guidelines for Animal Users" and will complete refresher training as required, and received training in the biology, handling, and care of this species; aseptic surgical methods and techniques (if necessary); the concept, availability, and use of research or testing methods that limit the use of animals or minimize distress; the proper use of anesthetics, analgesics, and tranquilizers (if necessary); procedures for reporting animal welfare concerns.
	5.	FOR ALL COLUMN D AND COLUMN E PROPOSALS (see section H): I certify that I have reviewed the pertinent scientific literature and the sources and/or databases (2 or more) as noted in paragraph H, and have found no valid alternative to any procedures described herein which may cause more than momentary pain or distress, whether it is relieved or not.
	6.	I will obtain approval from the ACUC before initiating any significant changes in this study.

ANIMAL CARE AND USE IN THE INTRAMURAL PROGRAM

Column E Explanation Form

This form is intended as an aid to completing the Column E explanation. Names, addresses, protocols, veterinary care programs, and the like, are not required as part of an explanation. A Column E explanation must be written so as to be understood by lay persons as well as scientists.

1.	. Registration Number: 51-F-0016	
2.	. Number of animals used under Colu	nmn E conditions in this study.
3.	. Species (common name) of animals	used in this study
4.	. Explain the procedure producing pa	nin and/or distress, including reason(s) for species selected.
5.	. Provide scientific justification why p that pain and/or distress relief would	pain and/or distress could not be relieved. State methods or means used to determine
	that pain and/or distress rener would	u interfere with test results.
